  “I was able to get a job with support from PHP. I am a strong self-advocate and I sit on PHP’s Participant Advisory Committee (PAC) to help make sure the needs of their members are the top priority.”

- Brian

  “My wheelchair would barely go a week without a different part breaking. It was so bad that I had to carry parts with me, just in case. I joined PHP because my wheelchair needed repairs. After enrolling in the plan, my chair was repaired in 19 days.”

- Sean
  PHP Member
  “Before enrolling in PHP, it was challenging to get out in the community to make new friends. Thanks to my care team and PHP’s PAL program, I am now a part of a local bowling league. I have met so many new friends.”

- Irvin
  PHP Member
  “Prior to PHP, I would often miss important medical appointments because my mother was unable to help me up and down the stairs of our home. I now have the ability to arrange my own transportation which includes assistance in and out of the house. It has provided a sense of freedom and overwhelming relief.”
